

U1-9 AGM battery specification

Brand: Vvution
Model: U1-9
Voltage: 12V
Battery type: AGM
Case color: Black
Terminal: +-

Specification

Application	Model	Type	Size	Weight	Capacity C20HR	Reserve capacity(min)
lawn mower	12V24AH	AGM	195*130*180mm	7 kg	24AH	30AH

Parameter

CCA	380A
Reserve capacity	Discharge at 25A current, cut off voltage 10.5V.
Low temperature start-up capability	When discharged for 10 seconds at a current of I_s in an environment of -18 ± 1 , the voltage is not less than 7.5V.
	The terminal voltage should be no less than 7.5V after 30 seconds, no less than 7.2V after 60 seconds, and no less than 6V after 90 seconds.
